Activity-Convener	Ms. Sonali Chauhan and Mr. Himanshu Rastogi, MIMT
Objective	The activities aimed at creating awareness for general public and poorer section about the importance of social distancing and healthy habits and donate safety tools like mask and sanitizer.
Content	<p>With the aim of spreading the awareness among the general public and give the free face mask and hand sanitizers to poor and under-privileged section of society. With the initiative of student's welfare committee, MIMT, in association with Bharat Vikas Parishad, Noida, devised an active awareness campaign to assist raise responsiveness about the social distancing and safety habitues in Covid 19. The students designed posters to raise awareness about health and safety habit by using face mask and sanitizer distribution to raise a public health approach. They walked around the neighborhood, holding the beautifully created posters that illustrated methods about social distancing and usage of hand wash practice. Student volunteers conducted an active campaign of distributing 400 masks and sanitizers to public. The said campaign was the need of the hour as the cases were rising at an exorbitant rate and masking was one the prominent solutions. Our students and other staff members participated in the drive. The people passing across were called to take their masks. Everyone was cautioned to wear a mask up to their nose and avoid touching it with unhygienic hands. People were also advised to sanitize their hands at regular intervals. People were also encouraged to get themselves vaccinated at the earliest. Also, keeping</p>

		the mask safe while not being in use was also told about. People were even educated about proper disposal of masks. Providing masks gave them a slight protection from spreading the disease. The public were glad and felt valued to receive the safety tools and instructions from the college's side. Resource person applauded the efforts of the team and thanked them for their active participation.
Outcome of Activity		The activity helped students to understand the intensity of healthy habits in post-covid era thereby enabling them in realizing their role as future caretaker and the socially sensitive person.
