Report	
Name of Activity	Session on Lean Start-up & Minimum viable product Business
Date& Time	15/07/2024, from 11:30AM – 12:30PM
Venue	Class Room, MIMT Campus
Organized by	Institution's Innovative Council (IIC)
Coordinated by	Dr. Himanshu Rastogi, Associate Professor, Computer Applications, MIMT.
Resource Person	Dr. Bhaskar Gupta
Participated by	BCA Students
Objective:	<ul style="list-style-type: none">• To provide participants with a comprehensive understanding of the Lean Start-Up methodology and the concept of the Minimum Viable Product (MVP).• The main objective is to enable them to apply these principles to develop and validate business ideas efficiently and effectively.
Content:	<p>The objective behind this is to equip the students with the meaning of Lean Start-up and core principles of Lean start-up and to give an overview purpose of minimum viable products.</p> <p>A session on Lean Start-Up and Minimum Viable Product (MVP) has introduced participants to the Lean Start-Up methodology, emphasizing the Build-Measure-Learn feedback loop to efficiently develop and refine business ideas. Participants have learned about the concept and various types of MVPs, focusing on creating a simple yet functional version of a product to test hypotheses and gather customer feedback. The session covered steps to develop, test, and iterate on an MVP, using real-world examples and case studies to illustrate successful implementations. Attendees have gained practical insights into making data-driven decisions, pivoting when necessary, and scaling their product based on validated learning, all while maintaining lean operations.</p>
Outcome of Activity:	<ul style="list-style-type: none">• Students were able to understand the key principles and practices of the Lean Start-Up methodology and how they can be applied to new ventures.• Students are able to design experiments to test hypotheses and gather actionable customer feedback to validate their business ideas.
