<b>Report</b>	
Name of Activity	Talk on Common Gynaecological Disorders
Date	25 <sup>th</sup> January 2020
Venue	Seminar Hall, MIMT
Organized by	Management Department
Name of Resource Person	Dr. Malvika Sabarwal (Gynaecologist and Obstetrician at Apollo Spectra Hospitals)
Participated by	BBA female students
Activity Coordinator	Dr. Meenakshi Sharma
Objective	To sensitize female students, faculties & staff about Gynecological health and hygiene.
Content	<p>The fight for women's rights is incomplete without mentioning women's health. The particulars of female reproductive health are diverse, and education remains a key component. Learning about common gynecological problems is lagging in our society. Working on Gender equity and sensitizing students Mangalmay Institute of Management and Technology organized session on common gynecological disorders with Dr. Malvika Sabarwal. This was an interactive session with questions from moderator of the event and participants.</p> <p>Few question that Dr. Sabarwal discussed:</p> <ul style="list-style-type: none"><li>• What are Gynecological disorders?</li><li>• Which are the top 10 Gynecological disorders in women?</li><li>• What are the common Gynecological symptoms, for which you should consult doctors?</li><li>• What is the importance of gynecological screening? How it can be performed at home?</li><li>• What is importance of hygiene in Gynecological disorders? How to maintain this hygiene.</li><li>• What is the role of diet in Gynecological health?</li></ul> <p>The session was very helpful to the students to know about the importance of women's health and body issues. The students were aware of the value of treatment and the importance of visiting a Gynecologist.</p>
Outcome of Activity	Female Students, staff and faculties are now much more aware about Gynecological health. In case of an issue or disorder they know how to respond on it.
