Report	
Name of Activity	National Space Day
Date	23 rd August, 2024
Venue	Block C, MIMT
Organized by	Management Department, Mangalmai Institute of Management & Technology
No. of Beneficiaries	Students of BBA 1 st Semester (20)
Activity In-charge	Mr. Vipul Garg
Objectives	<ul style="list-style-type: none">• Introducing students about the National Space Day.• Learn the hard working efforts made by the scientists of India.• Understand the meaning of patriotism, sacrifice and leadership.• Enable students to learn hard, dream big and try hard to achieve all that.
Content	<p>Today, August 23, 2024, the UHV Cell of MIMT celebrated National Space Day at MIMT with the beneficiary students of BBA 1st year students. A total of 20 students took part in this celebration. In this celebration, Mr. Vipul Garg told the students about the reason for celebrating National Space Day. In this, he discussed with the students the successful launch of CHANDRAYAN 3, where the Indian Space Research Organization (ISRO) successfully launched the CHANDRAYAN 3 with its rover and lander to study the dark side of the Moon or the South Pole of the Moon surface.</p> <p>He informed students of the proposed work and actions of the lander and rover to the moon. In this, students learned about the different instruments and techniques used by ISRO in this space launch. Further, the students got information about the upcoming Bhartiya Antariksh Station plan of ISRO. India will launch its own space station, which would be established at a height 450 kilometers above the Earth.</p> <p>The event was a success under the coordination of Mr. Vipul Garg.</p>
Outcome of Activity	<ul style="list-style-type: none">• Mr. Vipul Garg from Management Department and students actively participated in the visit of Pradhanmantri Sanghralaya, Delhi.• They performed their duties well.• All the students learned a lot about Chandrayan 3 and Bhartiya Antariksh Station.• The students were able to inspire by the efforts of the scientists of India.
